

EcoPure™

SIDE MOUNT SAND FILTERS

THE NATURAL SOLUTION FOR
PERFECTLY FILTERED POOL WATER

EcoPure™

SIDE MOUNT SAND FILTERS

THE NATURAL SOLUTION FOR PERFECTLY FILTERED POOL WATER

Application

Good filtration is a crucial element to any healthy swimming pool. EcoPure™ Side Mount Sand Filters require little ongoing maintenance as compared to other types of filters allowing you more time to enjoy swimming in your pool rather than looking after it. EcoPure™ Sand Filters are manufactured with high grade fibreglass and resins utilising the latest engineering techniques ensuring high quality and superior strength for long life and durability.

EcoPure™ Sand Filters feature improved water circulation through a balanced layout of lateral nozzles positioned internally at the base of the filter tank. This enables water to be distributed evenly throughout the entire filter bed trapping debris and contaminants before pure fresh water returns via the multiport valve to the pool.

Just as sand is utilised to cleanse our oceans and rivers you too can enjoy the benefits of an EcoPure™ sand filtered swimming pool.

EcoPure™ Side Mount Sand Filters - the natural solution for perfectly filtered pool water!

Features & Advantages

- Heavy Duty UV protected fibreglass tank
- Ergonomically designed six position multiport valve
- High performance filtering action
- Resistant to chemicals and corrosion
- Suitable for all pool types, fresh or salt water
- Sight glass for inspection of filtered water
- Quality oil-filled pressure gauge for inspection of operating pressure
- Virtually maintenance free, simply backwash filter when required
- No additional powder additives to worry about
- No manual cleaning of internal cartridges experienced with other filter medium

Technical Information

Model No.	S18	S20	S25	S28	S32	S36	S40	S44	S48
Filter Area (m ²)	0.16	0.22	0.3	0.4	0.5	0.64	0.79	0.98	1.13
Height (mm)	730	770	850	960	1050	1180	1180	1280	1410
Tank Dia. (mm)	470	550	650	720	820	920	1020	1120	1220
Design Flow (lpm)	133	192	270	320	420	500	550	630	700
Silica Sand Required (kg)	40	85	155	185	210	310	410	460	560
Valve Port Size (mm)	40	40	40	40	50	50	50	50	50

Consult your local EcoPure™ dealer for the correct size filter to suit your requirements. Models available to suit most pool applications from small patio pools to large commercial installations.

If purchasing or upgrading to a new pool pump, consider the energy-efficient range by Monarch Pool Systems
